Comment

I own a 2007 Chevrolet Tahoe, it is disturbing nothing has been done about these recalls. How many times will the government back a company that continuously neglects the people of the country for which it is from. How about GM spends some of their marketing budget on replacing these deadly airbags. I am sick of seeing commercials about how amazing GM vehicles are, yet here we are, 3 years after a recall for which the responsible parties continue to act negligent.
