

## Comment from Nando Favaro

Astounding at the lack of any speed to getting things done.

I am in awe how poor NHTSA and GM are dealing with the airbag recall.

I, along with thousands of others, make comments, complain, try to urge something to happen.

It is half-way through 2019.

No update.

Nothing, nothing nothing, nothing.

No parts.

I cannot purchase parts and pay for the repair so I can get my 2008 Yukon on the road.

You folks JUST DON'T CARE - NOT ONE BIT.

EEERRRRRRrrrrrrrrr !!!!!
