DOT NHTSA Docket # 2015-0101

Re: Commitment to Advancing Automatic Emergency Braking Technology

FCA US LLC ("FCA US") hereby submits the third annual public disclosure under obligations contained in Section 4 of the Commitment to support monitoring industry progress toward standard AEB (Automatic Emergency Braking).

According to the performance requirements in Section 1 and applicability / calculation methods in Section 2, the proportion of conforming FCA US vehicles under 8500 lb GVWR is 9.5 percent and between 8500 and 10,000 GVWR is 7.9 percent. This summary comprises all applicable vehicles manufactured for sale in the United States beginning on 01 September 2018 through 31 August 2019 and includes Alfa Romeo, Chrysler, Dodge, Fiat, Jeep, and Ram branded products.

On behalf of FCA US LLC,

A handwritten signature in blue ink, appearing to read 'A. Tim Czapp', is written over the printed name and title.
