Please repeal the 7.5% extra duty/ Tariff from China. This will be like a much needed stimulus to my company as we are / everyone is way down on sales like 90% in some cases. This way we can quickly gain 7.5% of margin and re-coup some of our loses due to corona-virus. It is a much needed thing to repeal this extra 7.5% ASAP for say 6 months and until this virus pandemic passes for section 301 List 4A
thank you
