Why have I been waiting for 4 years to get my replacement parts ?? The 'answer' I get is that there is no fix therefore no parts.

To me my Tahoe has the same parts as the pickups both Chevy and GM and Cadillac which have been replaced. So that answer is pure baloney. So I ask what is the holdup----Takata, GM, or the GM dealers ???????

How much is the settlements for wrongful deaths from Takata and GM ????

Thanks for your time.

Leonard.

I also own :

VIN;3GNFK320X9G158784

Which doesn't have a recall but is basically the same .??????
