# Memorandum

Subject: ACTION: Docket Submission of the Document Titled,  
“Child Passenger Safety Issues Arising from Research  
Findings” and Supporting Research Papers”

Date:

From: R. Ryan Posten  
Associate Administrator  
for Rulemaking

To: Docket No. NHTSA-2020-0093

Thru: Jonathan C. Morrison  
Chief Counsel

The following documents are attached for inclusion into the referenced public docket:

- Child Passenger Safety Issues Arising from Research Findings
- Evaluation of Inflatable Booster Seats. Part 1: Bubble Bum
- Evaluation of Inflatable Booster Seats. Part 2: GoBooster

The document titled “Child Passenger Safety Issues Arising from Research Findings” describes several developments in child passenger safety that have arisen in the research context. The two research reports are provided as support of the research findings paper. These documents are being submitted as supplemental information for the Notice of Proposed Rulemaking that proposes updates to Federal Motor Vehicle Safety Standard (FMVSS) No. 213, “Child restraint systems” (CRSs).

Please submit these documents and memorandum to Docket No. NHTSA-2020-0093.
