

Comment from Center for Injury Research and Prevention, Children's Hosp of Philadelphia

To Whom it May concern-

We request that you consider an extension to the deadline for comments. Given the need for remote work this fall and other competing work due to the pandemic, it has been challenging to gather all the needed individuals and relevant data together to draft a response. The timing of deadline relative to the end of the year makes this further difficult.

Thank you for consideration of our request.

-Kristy Arbogast, PhD  
Children's Hospital of Philadelphia
