## Electronic Submission

Subject: *Annual letter of Commitment to Advancing Automatic  
Emergency Braking Technology  
Docket ID: NHTSA–2015–0101*

In accordance with the voluntary commitment set forth in the Memorandum of Understanding (MOU) described in the docket NHTSA–2015–0101, Volkswagen has agreed to deploy Automatic Emergency Braking (AEB) technology as a standard feature on 95% of its models. In addition, Volkswagen also agreed to update the public, via a submission to the docket, of their progress towards the 95% milestone.

Volkswagen exceeded the 95% fitment rate during the reporting period of September 1, 2019, and August 31, 2020 and this letter is to confirm that for the reporting period between September 1, 2020, and August 31, 2021 Volkswagen continued to offer AEB as a standard feature on 95% of its models.

Sincerely,

Thomas Zorn  
Vice President
