Electronic Submission

Subject: *Annual letter of Commitment to Advancing Automatic
Emergency Braking Technology
Docket ID: NHTSA–2015–0101*

In accordance with the voluntary commitment set forth in the Memorandum of Understanding (MOU) described in the docket NHTSA–2015–0101, Audi has agreed to deploy Automatic Emergency Braking (AEB) technology as a standard feature on 95% of its models. In addition, Audi also agreed to update the public, via a submission to the docket, of their progress towards the 95% milestone.

3800 HAMLIN ROAD
AUBURN HILLS, MI 48326
PHONE +1 248 754 5000

Audi exceeded the 95% fitment rate during the reporting period of September 1, 2018, and August 31, 2019 and this letter is to confirm that for the reporting period between September 1, 2020, and August 31, 2021 Audi continued to offer AEB as a standard feature on 95% of its models.

Sincerely,

Thomas Zorn
Vice President
