 - 541611 - Administrative Management and General Management Consulting Services
- **Place of Performance:**

Washington , DC 20590

USA

Description

The mission of the National Highway Traffic Safety Administration (NHTSA), an operating administration of the Department of Transportation (DOT), is to save lives, prevent injuries and reduce economic costs due to road traffic crashes, through education, research, safety standards and enforcement activity. NHTSA supports a coordinated approach in:

- Researching and demonstrating pilot, promising and evidence-based strategies to encourage positive traffic safety behaviors;
- Planning, disseminating, and executing countermeasures to support program activities; and
- Providing outreach, guidance, and support to enable others to conduct effective local highway safety programs.

NHTSA's Office of Safety Programs and Office of Impaired Driving and Occupant Protection serves as the primary point of contact with law enforcement professional and membership organizations to plan, organize, promote, and support traffic enforcement and traffic safety programs around the country.

Examples of efforts supported by these Offices can be found at <https://www.nhtsa.gov/enforcement-justice-services>. In addition, these Offices support NHTSA's Traffic Safety Research Projects that address safety concerns such as alcohol-involved driving, drug-involved driving, driver education and training, and more found at: <https://www.nhtsa.gov/behavioral-research>

Objective:

The objective of this procurement is to provide professional and technical services support in the areas of:

- Traffic Safety Initiatives and Countermeasures
- Education and Training Efforts
- Research, Technology Advancements, and Emerging Issues
