Description of the Safety Risk : A noncompliance with 49 CFR 567.4 and 49 CFR 571.110 may lead to an incorrect replacement tire being installed on the bus that is not sufficient for the Rear GAWR and GVWR requirements increasing the risk of a crash.

Description of the Cause : NR

Identification of Any Warning that can Occur : NR

**Involved Components :**

Component Name 1 : Label

Component Description : Vehicle Information Label and Tire and Loading Information Label

Component Part Number : 206621 and 150479

## Supplier Identification :

### Component Manufacturer

Name : NR

Address : NR

NR

Country : NR

## Chronology :

On June 28 2022 DTNA received a report from a dealer of a potential discrepancy with the tire description on the Vehicle Information Label on four newly delivered buses. DTNA staff promptly began an investigation. DNTA staff reviewed build records to determine if any additional buses were built with the same discrepancy. DNTA also reviewed warranty records and field reports and found no similar issues. Once DTNA had sufficient information, on July 18 2022 DTNA decided to conduct a voluntary non-compliance recall on certain Thomas Built Buses Minotour SWR buses.

## Description of Remedy :

Description of Remedy Program : A new label will be mailed to affected customers with the correct tire size information. Repairs are expected to be performed by Daimler Trucks North America authorized service facilities. Details of the reimbursement plan will be included in the owner's notification letter.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : NR

## Recall Schedule :

Description of Recall Schedule : Customer notification will be made by first class mail using Daimler Trucks North America records to determine the customers affected.

Planned Dealer Notification Date : SEP 15, 2022 - SEP 15, 2022

Planned Owner Notification Date : SEP 15, 2022 - SEP 15, 2022
