Docket: NHTSA-2019-0126

October 31, 2022

Subject: Annual report on Leading Automakers' Commitment to Implement Rear Seat Reminder Systems

Maserati writes to provide an update on progress following the establishment of the Leading Automakers' Commitment to Implement Rear Seat Reminder Systems in September 2019.

Maserati manufactured no model year 2022 vehicles for sale in the U.S. that were equipped with rear seat reminder systems under the commitment. However, such systems are currently under development for introduction in future model years. Maserati remains committed to this initiative and looks forward to further progress in the future.

Regards,

John R. McDonald
