- **NAICS Code:**
 - 541380 - Testing Laboratories and Services

- **Place of Performance:**

Description

The purpose of this Contract is to procure testing services, inspection services, and reports so that the Government can determine whether rear impact guards comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 223, Rear Impact Guards, and to collect data on a new rear impact guard test procedure being considered by the Agency.

FMVSS No. 223 applies to rear impact guards for trailers and semitrailers subject to FMVSS No. 224, Rear Impact Protection. The standard was created to reduce the number of deaths and serious injuries that occur when light duty vehicles collide with the rear end of trailers and semitrailers.
