

SUPPLEMENTARY INFORMATION:**Public Comments Invited**

You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection renewal.

OMB Control Number: 2120-0779.

Title: Privacy International Civil Aviation Organization (ICAO) Address Program.

Form Numbers: Not applicable.

Type of Review: Renewal of an information collection.

Background: In 2010, the FAA issued a final rule mandating equipage requirements and performance standards for Automatic Dependent Surveillance-Broadcast (ADS-B) Out avionics on aircraft operating in certain airspace after December 31, 2019. Aircraft operators must be equipped with ADS-B Out to fly in most controlled airspace. Federal Regulations 14 CFR 91.225 and 14 CFR 91.227 contain requirement details. Each registered aircraft is assigned an aircraft registration number and an ICAO 24-bit aircraft address. This is also referred to as a "Mode S Code" in some FAA documents and websites, including the FAA Aircraft Registry. Where a 1090-MHz Extended Squitter (1090ES) transponder is required for ADS-B Out compliance, this ICAO 24-bit aircraft address, based on current transponder avionics standards, is openly broadcasted on the 1090 MHz frequency in transponder replies and ADS-B messages. Subsequently, the nature of openly broadcasting makes the identity of the aircraft publicly available. Industry stakeholders have long suggested that FAA develop a process for aircraft operators who seek anonymity such that their aircraft movements and identity cannot be traced or seen by privately owned sensors that monitor the 1090 MHz frequency and combine this with other downlinked ADS-B and Mode S data being disseminated using the internet. The FAA intends to develop a process for operators who wish to mask their aircraft movements and identity for a period while flying within the sovereign airspace of the United States. Participation in the assignment of

privacy ICAO Code addresses is voluntary. Only U.S. registered aircraft can be assigned a privacy ICAO aircraft address. No operator can use a privacy ICAO aircraft address for a U.S.-registered aircraft unless that operator is authorized to use a third-party flight identification for that same aircraft. No unique privacy ICAO address will be assigned to more than one U.S.-registered aircraft at any given time. Once approved, the operator will be assigned a privacy ICAO address. The operator will be required to notify the FAA when their avionics have been loaded with the assigned temporary ICAO 24-bit aircraft address. Owners and operators must verify that the ICAO 24-bit aircraft address (Mode S code) broadcast by their ADS-B equipment matches the assigned privacy ICAO address for their aircraft. Operators can verify what ICAO 24-bit aircraft address is being broadcast by their aircraft by visiting: <https://adsbperformance.faa.gov/PAPRRequest.aspx>. For monitoring privacy ICAO address use, the information will be downloaded by the FAA and entered into the FAA's ADS-B Performance Monitor [Docket No. FAA-2017-1194 published in **Federal Register**, December 20, 2017, as Document Number: 2017-27202].

Information Collected: Information collected by privacy ICAO address program includes aircraft registration number, permanent ICAO address, and aircraft owner's information to include phone number, email address, and physical address.

Respondents: Intended for operators who seek anonymity such that their aircraft movements and identity cannot be easily traced or seen by privately owned sensors that monitor the 1090 MHz frequency. FAA estimates up to 15,000 respondents.

Frequency: Frequency will be occasional based on specific scenarios. An operator can change privacy ICAO aircraft addresses, but no more often than once every 20 days. In the event real-world security concerns become evident, an operator can elect to change their PIA address sooner than 20 days.

Estimated Average Burden per Response: Approximately 15 minutes per application.

Estimated Total Annual Burden: 12,563 hours.

Issued in Washington, DC, on February 22, 2023.

Stanton Brunner,

Program Manager for Service Performance and Sustainment Team (AJM-422), Federal Aviation Administration.

National Emergency Medical Services Advisory Council; Notice of Public Meeting

AGENCY: National Highway Traffic Safety Administration, U.S. Department of Transportation (DOT).

ACTION: Notice of public meeting.

SUMMARY: This notice announces a meeting of the National Emergency Medical Services Advisory Council (NEMSAC).

DATES: This meeting will be held in-person and simultaneously transmitted via virtual interface. It will be held on May 10-11, 2023, from 12:00 p.m. to 5:00 p.m. ET. Pre-registration is required to attend this meeting. Once registered, a link permitting access to the meeting will be distributed to registrants by email. If you wish to speak during the meeting, you must submit a written copy of your remarks to DOT by May 4, 2023.

Notifications containing specific details for this meeting will be published in the **Federal Register** no later than 30 days prior to the meeting dates.

ADDRESSES: General information about the Council is available on the NEMSAC internet website at www.ems.gov. The registration portal and meeting agenda will be available on the NEMSAC internet website at www.ems.gov at least one week in advance of the meeting.

FOR FURTHER INFORMATION CONTACT: Clary Mole, EMS Specialist, National Highway Traffic Safety Administration, U.S. Department of Transportation is available by phone at (202) 868-3275 or by email at Clary.Mole@dot.gov. Any committee-related requests should be sent to the person listed in this section.

SUPPLEMENTARY INFORMATION:

I. Background

NEMSAC is authorized under section 31108 of the Moving Ahead for Progress in the 21st Century (MAP-21) Act of 2012, codified at 42 U.S.C. 300d-4 as a Federal Advisory Committee. The

purpose of NEMSAC is to serve as a nationally recognized council of emergency medical services (EMS) representatives to provide advice and consult with:

a. The Federal Interagency Committee on Emergency Medical Services (FICEMS) on matters relating to EMS issues; and

b. The Secretary of Transportation on matters relating to EMS issues affecting DOT.

The NEMSAC provides an important national forum for the non-Federal deliberation of national EMS issues and serves as a platform for advice on DOT's national EMS activities. NEMSAC also provides advice and recommendations to the FICEMS.

II. Agenda

At the meeting, the agenda will cover the following topics:

- Newly Appointed Representatives take the Oath of Office
- Introductions and Updates from Federal Emergency Medical Services Liaisons
- Updates on NHTSA Initiatives
- Subcommittee Reports
- Officer Elections

III. Public Participation

This meeting will be open to the public. We are committed to providing equal access to this meeting for all participants. Persons with disabilities in need of an accommodation should send a request to the individual in the **FOR FURTHER INFORMATION CONTACT** section of this notice no later than May 4, 2023.

A period of time will be allotted for comments from members of the public joining the meeting. Members of the public may present questions and comments to the Council using the live chat feature available during the meeting. Members of the public may also submit materials, questions, and comments in advance to the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Members of the public wishing to reserve time to speak directly to the Council during the meeting must submit a request. The request must include the name, contact information (address, phone number, and email address), and organizational affiliation of the individual wishing to address NEMSAC; it must also include a written copy of prepared remarks and must be forwarded to the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice no later than May 4, 2023.

All advance submissions will be reviewed by the Council Chairperson and Designated Federal Officer. If
