

## **Comment from Missouri State Highway Patrol**

Posted by the **National Highway Traffic Safety Administration** on Feb 8, 2023

I would like a working definition for electronic bicycles. The use of these devices by non-motorists is becoming more prevalent.

I would also like for MMUCC 6th Edition to address the definition of "driver" as it relates to vehicle platooning (a driver operating multiple motor vehicles simultaneously.) The current MMUCC 5th Edition defines a "driver" as an occupant who is in actual physical control of a motor vehicle or, for an out-of-control motor vehicle, an occupant who was in control until control was lost. In regard to vehicle platooning, the driver is obviously not an occupant of both vehicles.
