

## **Comment from Carter Kinsman**

Posted by the **National Highway Traffic Safety Administration** on May 23, 2023

As an regular user of cars, and even specifically an Audi owner, the safety of passengers should be at the forefront of the manufacturers agenda. Indicating whether the passenger airbag is active or not is vital to the safety of younger and smaller passengers. The fact that this slipped the judgement of Volkswagen/Audi is a little unacceptable, and I believe they should face further punishment for it. Safety is always the top priority.
