David:

Automatic Speed Limit - just another Marxist/democrat government control ploy. You are part of an larger irresponsible organization that is \$34 trillion in debt, and you want to mandate another useless feature on cars.

Sounds like diversion tactic to me.

Do something important, like cut off aid to the ham-ass murderers, remember they started the war by killing 1200 people. Ham-ass holds it own people captive and sends aid monies to their own secret bank accounts.

You support the Wiener fruit cakes in CA - I'm sure that this is waste of time....
